General Information:

Table with 4 columns: Question, Y, N, Don't Know. Rows include questions about septic system failures, pumping frequency, cesspools, soil evaluations, engineering estimates, property lot lines, environmentally sensitive areas, and sewer connections.

I/We are interested in entering into a Betterment Loan Agreement with the City of Taunton in order to pay for costs associated with the repair, replacement or municipal tie-in of the septic system for my/our residence. I/We understand that these costs will be treated as a municipal lien on my/our property. Further, I/we understand that these funds are granted on a first come/first served basis and are granted as part of a loan, which must be paid back as part of our regular tax bill. The loan is contingent upon funding being available at the time of request and is subject to an interest rate of 5%.
